

## 5930 Work Plan Consolidated Contract Deliverable

LHJ Name: **Island County Public Health**

Date: April 3, 2008

LHJ Work Plan Contact: See contact listed for each performance measure

Due: April 15, 2008

Send to: [simana.dimitrova@doh.wa.gov](mailto:simana.dimitrova@doh.wa.gov)

FAX (360) 586-7424

**Performance Measure #1** – Increase the uptake of new and under-used child and adolescent vaccines; specifically focusing improvement efforts and reporting on Varicella, Rota Virus, HPV and pediatric influenza.

### **Reporting Measure**

**A:** Number of doses of vaccine ordered by each LHJ

**B:** Number of doses administered as recorded in CHILD Profile

PM#	Objectives / Strategies	Action
1	Visit every provider in the county that uses state supplied vaccine at least 1x this calendar year to provide education and training on CHILD Profile and recruit / improve their participation.	<ul style="list-style-type: none"> <li>Staff will continue to provide hands-on assistance with utilization of Child Profile</li> <li>Schedule and visit each provider 1x per year to introduce staff, answer questions and provide educational materials – specifically: immunization schedules, and follow-up on use of Child Profile.</li> </ul>
1	Work with providers to incorporate the use of the reminder / recall portion of CHILD Profile to increase child vaccine timeliness and administration.	Contact providers and help them implement reminder/recall activities.
1	Encourage all Island County providers to be on Child Profile.	ICPH staff will work with providers during site visits and assist in ensuring that historical data has been input into Child Profile.
1	Increase staff knowledge of new vaccines and their use.	Teach and provide information to staff including ongoing newsletter.
1	Increase provider knowledge of immunization guidelines for use of state supplied vaccines.	Schedule and visit each provider 1x per year to introduce staff, provide educational materials with emphasis on Varicella, Rota Virus, HPV and pediatric influenza, provide immunization schedules, and follow-up on use of Child Profile.
1	Increase school vaccination rates by reducing exemption rates.	Work to increase completeness of data entry for school immunizations, then review data and work with school personnel to reduce the number of exemptions filed.
1	Provide accessible and accurate information for the public through the ICPH website.	Update the ICPH website to include credible source links, immunization schedules, school and daycare entry requirements, related articles.
1	Support the Community Health Advisory Board (CHAB) in its effort to increase childhood immunization rates.	Provide staff support in outreach efforts. This would include providing immunization schedules and pamphlets at public meetings and social gatherings, providing appropriate publications for distribution, guiding community group toward targeted outreach measures.
1	DOH will send information to coordinators regarding vaccines.	ICPH staff will compare 2007/2008 numbers and target providers based on comparison results.

**Performance Measure #2** – Improve the timely, complete identification and standard, effective investigation of notifiable conditions per WAC 246-101.

**Reporting Measure**

**A:** Percent of notifiable condition cases reported to the LHJ within the required timeframe (per WAC)

**B:** Percent of notifiable condition cases reported to the LHJ where investigation was initiated within the timeframe specified in the Guidelines

**C:** Percent of notifiable condition cases reported to the LHJ with a completed investigation as indicated by completion of “essential fields”

PM#	Objectives / Strategies	Action
2	Provide training opportunities for new communicable disease staff to become effective in CD investigation.	Develop and follow a training plan with specific timelines for completion.
2	Standardize disease investigation to provide greater consistency and timeliness.	CD and STD staff leads will provide regular training and assistance to all staff involved in CD-related tasks.
2	Increase use and understanding of PHIMS.	Invite PHIMS trainer to All Health and PHIMS-user meetings to provide educational presentation.
2	Increase timeliness and completeness of provider reporting.	Schedule and visit each provider 1x per year to introduce staff, answer questions and provide educational materials – specifically: notifiable conditions list and local STD statistics.
2	Increase laboratory reporting of notifiable conditions.	Schedule and visit or send informational correspondence to lab personnel 1x per year to educate regarding notifiable conditions reporting.
2	Increase provider utilization of new STD case report forms.	During provider site visits, reiterate importance of new forms introduced during fall site visits conducted by STD investigator.
2	Track communicable disease investigation activity timelines and compare to required timelines.	Log each CD report call date and monitor reporting sources. Compare ICPH response times to required standards.

**Performance Measure #3** – Develop and implement effective community and health care system interventions to address obesity and its consequent burden of chronic disease. Interventions may target worksites, schools, communities, or primary medical care.

**Reporting Measure**

**A:** Number and description of LHJ activities and interventions to address obesity and chronic disease and associated risk factors in the community.

PM#	Activity	Resources	Local Partners
3	Develop and implement programs and policies in partnership with community groups to increase physical activity and healthy eating opportunities	<ul style="list-style-type: none"> <li>- <a href="#">We Can! – Ways to Enhance Children’s Activity &amp; Nutrition</a></li> <li>- CDC’s <a href="#">Reference Guide of Physical Activity Programs for Older Adults</a></li> <li>- <a href="#">Childhood Obesity: Harnessing the Power of Public and Private Partnerships</a></li> <li>- <a href="#">The Community Guide</a></li> <li>- <a href="#">Environmental Nutrition and Activity Community Tool</a></li> <li>- <a href="#">Nutrition and Physical Activity in Washington: Partners in Action</a></li> <li>- <a href="#">Partnership for Prevention</a></li> <li>- <a href="#">Washington State Nutrition &amp; Physical Activity Plan</a></li> <li>- <a href="#">What Works: Programs and Interventions that May Influence Outcomes for Youth and Young Children</a></li> </ul>	<ul style="list-style-type: none"> <li>- South Whidbey Parks and Recreation</li> <li>- 4-H and other youth-serving groups</li> <li>- Adult day care services (i.e. Daybreak)</li> </ul>
3	Develop and implement school programs (i.e. walking school bus, safe routes to school) and policies (i.e. health snacks, PE skills curricula)	<ul style="list-style-type: none"> <li>- <a href="#">Action for Healthy Kids</a></li> <li>- <a href="#">Center for Safe Routes to School</a></li> <li>- <a href="#">Coordinated Approach to Child Health (CATCH)</a></li> <li>- <a href="#">Kids Walk-to-School</a></li> <li>- <a href="#">Focused Fitness</a></li> <li>- <a href="#">Policy Legislation and Nutrition (PLAN): What Works to Improve Student Health?</a></li> <li>- <a href="#">Safe Ways to School Toolkit</a></li> <li>- <a href="#">WSDOT Safe Routes to School</a></li> </ul>	<ul style="list-style-type: none"> <li>- Local school districts (Oak Harbor, Coupeville, South Whidbey, Stanwood-Camano)</li> </ul>
3	Implement community-wide campaign that focuses on active living, healthy meals and snacks, family meal times, and reducing sedentary behaviors (i.e. screen time); includes sponsoring training and workshops	<ul style="list-style-type: none"> <li>- <a href="#">We Can! – Ways to Enhance Children’s Activity &amp; Nutrition</a></li> <li>- <a href="#">Center for SCREEN-TIME Awareness</a></li> </ul>	<ul style="list-style-type: none"> <li>- Local media</li> <li>- Libraries</li> <li>- Whidbey General Hospital</li> <li>- Schools</li> </ul>
3	Support policies and programs that create convenient and connecting trails and pathways	<ul style="list-style-type: none"> <li>- NACCHO and APA technical assistance conference calls</li> <li>- <a href="#">Washington State Department of Community, Trade and Economic Development (CTED)</a></li> <li>- Northwest Physical Activity Coalition (NWPAC)</li> <li>- Whidbey in Motion (WHIM)</li> <li>- <a href="#">Walkable Communities</a></li> </ul>	<ul style="list-style-type: none"> <li>- Physical Activity and Chronic Disease Health Action Team</li> <li>- Local trails coalitions</li> <li>- City of Oak Harbor</li> <li>- Island County Parks &amp; Recreation</li> <li>- Island County Public Works</li> <li>- South Whidbey Parks and Recreation</li> </ul>
3	Initiate pilot sites for youth and adults to increase physical activity and healthy nutrition in family and health care settings	<ul style="list-style-type: none"> <li>- <a href="#">Children’s Obesity Action Team (COAT)</a></li> <li>- <a href="#">Healthy Care for Healthy Kids Toolkit</a></li> <li>- <a href="#">Maine Youth Overweight Collaborative</a></li> <li>- <a href="#">Nemours Health and Prevention Services Toolkit</a></li> <li>- <a href="#">PACE Project</a></li> <li>- <a href="#">Pediatric Healthy Weight Toolkit</a></li> <li>- <a href="#">We Can! – Ways to Enhance Children’s Activity &amp; Nutrition</a></li> </ul>	<ul style="list-style-type: none"> <li>- Local health care providers</li> </ul>
